

Consultant Terms of Reference

Purpose: To Assist the Communities Delegation in its consultations for the next Global Fund Strategy and assist in the development of the Communities Delegation Position Paper for the next Global Fund Strategy

Start Date of Contract: 20 August 2020

Background

The Global Fund Strategy is a multiyear roadmap for our partnership's future, setting out priorities for how we can accelerate progress against HIV, tuberculosis and malaria and improve global health. Now over halfway through the Strategy 2017-2022, the Global Fund has started the process to develop the next strategy, which will begin in 2023.

Communities are an integral part of the Global Fund architecture and, as such, are important stakeholders in consultations for the new Global Fund Strategy Development process. Our constituency represents a wide range of community groups and, as such, will conduct a number of consultations which will inform the new Strategy and shape our delegation position paper.

Objective

Our ultimate goal is to help put in place a robust and strong Strategy in which the voices and needs of communities are clearly reflected. We aim to hold 25 unique consultations/focus groups with key populations and global networks. The collected information will be reported to the secretariat and, consolidated in a report and a position paper, will guide our work in the face of upcoming Committee and Board Meetings and serve as an advocacy tool to harvest external support for the key positions outlined.

Deliverables

- **Communities' focus group consultation guide and online training** to support our constituents preferably during the week of 24 August 2020;
- **Single report** consolidating the relevant data to be submitted to the Secretariat and Strategy leadership ahead of 14th Strategy Committee (by 01 October 2020);
- **Position paper.**

Expression of Interest & Financial Proposal

- No more than 2 pages outlining the approach and evidence of experience;
- Financial proposal;
- Résumé or CV and 2 references to contact;
- Examples of written pieces of work (2 pieces).

COMMUNITIES DELEGATION

to the Board of the Global Fund to Fight AIDS, Tuberculosis and Malaria

Expressions of interest & Financial Proposal should be emailed to Bruna Martinez at bmartinez@gnpplus.net by **18 August 2020, 12h00 CEST** (Central European Summer Time). Community activists, particularly people living with HIV and affected with TB and malaria are highly encouraged to apply.
